

Utah Association of Energy Users (UAE) Held its 24th Annual Western States Energy Conference

The Utah Association of Energy Users, a non-profit trade organization managed by Energy Strategies held its 24th Annual UAE Western States Energy Conference May 14th at the Grand America Hotel in Salt Lake City, Utah. The Conference focused on the issues that impact rising energy costs such as new federal energy legislation including pending climate change and carbon legislation, the need for new transmission, and new renewable energy technologies. Speakers included Rocky Mountain Power President Rich Walje, Louise McCarren, the CEO of the Western Electricity Coordinating Council, Lieutenant Governor Gary Herbert, and Utah Senate Majority Leader Sheldon Killpack among others. A wide range of interests were represented at the conference with attendees including personnel from Utah State Government and regional utilities, industry leaders, and Salt Lake City officials. The Utah Association of Energy Users is looking forward to the 25th anniversary of the UAE Western States Energy Conference in May of 2010.
